Mandatory staffing ratios aid recruitment and retention
Ford, S. *Nursing Times*, 21 March, 2012

One nurse to seven older patients: RCN recommends a safe staff ratio

Mandating staffing levels is not the answer to reducing poor care

How to optimise the registered nurse contribution in care homes

Census confirms NHS nursing workforce has shrunk
*Nursing Times*, 21 Mar, 2012
The annual NHS workforce census, published 21 March, showed that the number of qualified nurses - as at 30 September 2011 - had dropped by almost 3,500 since 2010. RCN described this reduction in numbers as "incredibly worrying".
