

**Leanne McWha, Staff Nurse, Ward 6B, Ulster Hospital**

**Q1: What is your experience of PACE?**

*I have been involved in the use of PACE on a daily basis from it was introduced onto the ward.*

**Q2: What difference has PACE made to the patient and you?**

*I feel that it has led to a more clear and concise method of documentation on the ward and means all staff take the same approach meaning more clarity.*

**Q3: What advice would you give to a ward commencing PACE?**

*Embrace the change – it is initially difficult to get the concept behind it but the team was ready for a general improvement and reforms and has led to a more patient centred approach to our documentation.*
