1.0 INTRODUCTION

Standing Orders are those provisions made by a body to govern its own operation. Typically, they will provide for such matters as quorum (the number of members who must be present for business to be transacted), the establishment of committees to carry out the work of the organisation in specific areas and procedures to ensure the smooth running of meetings.

The revised **Code of Conduct and Code of Accountability for Board Members of Health and Social Care Bodies** (October 2022) was issued by the Department under correspondence dated 12 October 2022. The Code of Accountability requires the Northern Ireland Practice and Education Council for Nursing and Midwifery (NIPEC) Council to be clear what decisions and information are appropriate to the Council and draw up standing orders, a schedule of decisions reserved to the Council and standing financial instructions to secure compliance with the Council's wishes.

1.1 Statutory Framework

NIPEC Council's authority to act derives from the Statutory Rule "The Health and Personal Social Services (2002) Act (Commencement) Order (Northern Ireland) SR2002 No. 311 (C.25).

In addition, these Standing Orders should be read in conjunction with the Health and Personal Social Services Statutory Rule 2002 No. 386 "The Northern Ireland Practice and Education Council for Nursing and Midwifery (Appointments and Procedure) Regulations (Northern Ireland) 2002. No Standing Orders may contradict or alter a provision made in legislation.

NIPEC is required to comply with all existing legislation, Department of Health (DoH) Framework Document, Partnership Agreement (2024), Circulars and Regulations in so far as they impact upon the organisation's functions, activities and conduct.

1.2 Functions of NIPEC

"The NIPEC was established under the Health and Personal Social Services Act (Northern Ireland) 2002 as a non-departmental public body to support the development of nurses and midwives by promoting high standards of practice, education and professional development. The NIPEC also provides advice and guidance on best practice and matters relating to nursing and midwifery.

The NIPEC's primary relationship is with the Department on behalf of which it discharges its functions. NIPEC also works closely with key stakeholders in the HSC system to support registered nurses, midwives and specialist community public health nurses to provide a safe and effective nursing and midwifery service to the population of Northern Ireland". (Source: DoH Framework *Document*, 2011)

The Standing Orders, Reserved and Delegated Powers and Standing Financial Instructions (SFIs) provide a comprehensive business framework for NIPEC and enable the organisation to discharge its functions. They seek to ensure the maintenance of public service values and high standards of personal conduct of our Council members and staff. These documents fulfil the dual role of protecting NIPEC's interests (ensuring, for example, that all transactions maximise the benefit to the organisation) and those of staff carrying out their work on behalf of the organisation. All members of NIPEC Council, Senior Management Team and staff shall be aware of the existence of these documents and, where necessary, be familiar with the detailed provisions required to comply fully with the regulations.

1.3 Health and Social Care Framework

In addition to the statutory requirements, the Minister, through the Department of Health (DoH), issues instructions and guidance. Where appropriate, these are incorporated within NIPEC's Standing Orders or other corporate governance documentation. Principal examples are the DoH Codes of Conduct and Accountability for Board Members of Health and Social Care Bodies (2022) and the Code of Openness (2008).

As previously indicated, the **Code of Conduct and Accountability** requires the NIPEC Council ('the Council') to adopt Standing Orders (SOs) for the regulation of its proceedings and business and also to adopt Standing Financial Instructions (SFIs) as an integral part of SOs. The Code further requires the establishment of Audit and Remuneration Committees with formally agreed Terms of Reference.

The Code of Conduct and Accountability draw attention to the public service values required by all staff and specifically defines measures to deal with possible conflicts of interest of Board members, and makes various requirements concerning such possible conflicts of interest of members.

The Code of Practice on Openness¹ in the HSC sets out the requirements for public access to information on the HSC and for the conduct of the Council's meetings. NIPEC is required to ensure appropriate compliance with the Freedom of Information Act (2000).

1.4 Financial and Performance Framework

The Partnership Agreement (2024) establishes the framework agreed with the DoH within which NIPEC operates.

A copy of the Partnership Agreement will be given to all newly appointed NIPEC Council members and senior staff on appointment. Additionally, the Partnership

¹ Code of Practice on Openness in the NHS, 2003 (Revised 2008) Department of Health

Agreement will be tabled for information of Council members at least annually at a full meeting of the NIPEC Council. Amendments made to the Partnership Agreement will also be brought to the attention of the full NIPEC Council on a timely basis.

NIPEC has a number of financial targets and policies within which it is obliged to operate. These are as follows:

- To break even on its Income and Expenditure Account year on year and to maintain its Net Current Assets;
- To promote financial stability in the HSC;
- To operate within the Resource Limits, both Capital and Revenue set by the Department; and
- To comply with Better Payments Practice Code which advocates:
 - Explaining payment procedures to suppliers;
 - Agreeing payment terms at the outset and sticking to them;
 - Paying bills in accordance with agreed terms, or as agreed by law;
 - Telling suppliers without delay when an invoice is contested; and
 - Settling quickly when a contested invoice gets a satisfactory response;
 - Payment must be made within 30 days of the receipt of goods or valid invoice.

Council members are expected to attend meetings of the full Council and of any other NIPEC committee, sub-committee or working group where they serve in their capacity as a Council Member.

A Council Member failing to attend, without good cause, 75% of the meetings which they are expected to attend in a calendar year will be regarded as having made an insufficient contribution to the work of the Council, which will be taken into account at appraisal. In exceptional circumstance, the Member may obtain prior permission from the Chair for a leave of absence for a defined period.

A Council Member absent from two consecutive meetings of the same Committee or the Council in a calendar year will be regarded as having made an insufficient contribution to the work of the Council and will be taken into account at appraisal.

In exceptional circumstance, the Member may obtain prior permission from the Chair for a leave of absence for a defined period.

The Chair of Council shall endeavour to address concerns regarding the attendance of members at as early a stage as possible and may arrange additional appraisal meetings for a member if the Chair deems it to be necessary.

6.0 CODE OF CONDUCT AND CODE OF ACCOUNTABILITY

6.1 Introduction

The **Code of Conduct and Code of Accountability**, revised and issued in October 2022, provides the basis on which the HSC bodies should seek to fulfil the duties and responsibilities conferred upon them by the DoH.

The Codes provide the basis on which HSC bodies should seek to fulfil the duties and responsibilities conferred upon them by the Department of Health. They also state that all Board (Council) members should subscribe to these codes and should be judged upon the way the codes are observed.

Since Health and Social Care Organisations are publicly funded, they must be accountable to the Minister for Health and ultimately to the Northern Ireland Assembly and the Public Accounts Committee, for the services they provide and for the effective and economical use of taxpayers' money.

6.2 Public Service Values – General Principles

Public service values must be at the heart of Health and Social Care (HSC) services in Northern Ireland. High standards of corporate and personal conduct, based on a recognition that patients and clients come first, have been a requirement throughout the HSC since its inception.

Public service values matter in the HSC, and those who work in it have a duty to conduct HSC business with probity. They have a responsibility to respond impartially to staff, patients, clients and suppliers, to achieve value for money from the public funds with which they are entrusted and to demonstrate high ethical standards of personal conduct. The success of this Code depends on a vigorous and visible example from the Board (Council) of each HSC body and the consequential influence on the behaviour of all those who work within the organisation. Given their prime responsibility for establishing and maintaining high corporate standards of conduct, the Code's precepts must inform and govern the decisions and conduct of all Council members.

All Council members must follow the Seven Principles of Public Life set out by the Committee on Standards in Public Life (the 'Nolan Principles'):

- Selflessness
- Integrity
- Objectivity
- Accountability
- Openness
- Honesty

- Leadership

NIPEC is committed to these principles and all individuals are expected to adhere to them in the course of their work.

The Chairperson, Council members and all NIPEC employees/officers are required to accept the provisions of the **Code of Conduct and Code of Accountability** on appointment and to follow the principles set out herein.

6.3 Openness and Public Responsibilities

The Code of Conduct advises that there should be a willingness to be open and to actively involve the public, patients, clients and staff as any need for change emerges. HSC business should also be conducted in a way that is socially responsible. It is essential that the reasons for change are fully explained and views from the public, patients, clients and staff are actively sought and taken into account before decisions are reached. Information supporting those decisions should be made available, along with a summary of comments received from patients, clients, staff and the public, and positive responses should be given to reasonable requests for information.

The duty of confidentiality of personal and individual patient/client information must be respected at all times.

6.4 Public Service Values in Management

It is a long-established principle that public sector bodies, which include NIPEC, must be impartial, honest and open in the conduct of their business, and that their employees shall remain beyond suspicion. It is also an offence under the Public Bodies Corrupt Practices Act 1889 and Prevention of Corruption Acts 1906 and 1916 for an employee to accept any inducement or reward for doing, or refraining from doing anything, in his or her official capacity, or corruptly showing favour or disfavour, in the handling of contracts.

In the revised **Code of Conduct** issued by the Department in October 2022, it was emphasised that public service values must be at the heart of Health and Social Care.

HSC organisations, including NIPEC, are accountable to the Minister of Health and ultimately to the Northern Ireland Assembly and the Public Accounts Committee for the services they provide and for the effective and economical use of taxpayer's money.

It is unacceptable for the board of any HSC organisation, or any individual within the organisation for which the board is responsible, to ignore public service values in achieving results. Chairs and board (Council) members have a duty to ensure

that public funds are properly safeguarded and that proper custody of assets which have been publicly funded is maintained. At all times the board (Council) should conduct its business as efficiently and effectively as possible, avoiding waste and extravagance. Proper stewardship of public monies requires value for money to be high on the agenda of the Council at all times. Employment, procurement and accounting practices within NIPEC must reflect the highest professional standards.

Public statements and reports issued by NIPEC Council, or individuals within NIPEC, shall be clear, comprehensive and balanced, and shall fully represent the facts. They shall also appropriately represent the corporate decisions of NIPEC, or be explicit in being made in a personal capacity, where this is considered necessary.

Annual and all other key reports shall (on request) be made available to all individuals and groups in the community who have a legitimate interest in health and social care issues to allow full consideration by those wishing to attend public meetings on such issues.

6.5 Public Business and Private Gain

Chairs and board (Council) members should act impartially and should not be influenced by social, political or business relationships. They should not use information gained in the course of their public service for personal gain or for political purposes nor seek to use the opportunity of public service to promote private interests or those of connected persons, firms, businesses or other organisations. Where there is a potential for private, voluntary, charitable etc interests to be material and relevant to HSC business, the relevant interest should be declared and recorded in the board (Council) minutes and entered into a register which is publicly available. When a conflict of interest is established, the board member should withdraw and play no part in the relevant discussion or decision.

6.6 Counter Fraud Policy

NIPEC is committed to maintaining an honest, open and well-intentioned atmosphere. It is therefore also committed to the elimination of any fraud within or against NIPEC, and to the rigorous investigation of any such cases.

NIPEC has in place a Fraud Policy and Response plan, to give officers specific direction in dealing with cases of suspected fraud, theft, bribery or corruption. Advice may also be obtained from the BSO's Regional Fraud Department and the Fraud Liaison Officer (FLO) role provided by the Department of Finance. NIPEC's Fraud Liaison Officer (FLO) will ensure that all reporting requirements detailed in Circular HSC(F) 44/2011 are complied with.

NIPEC wishes to encourage anyone with reasonable suspicions of fraud to report them. NIPEC's Raising Concerns Policy enables staff to raise concerns about issues of public interest either internally or externally at an early stage.

6.7 Gifts, Hospitality and Sponsorship

6.7.1 Providing and Receiving Hospitality

The use of public funds for hospitality and entertainment shall be carefully considered within the guidelines issued by the Department in circular HSC (F) 31/2021, issued 4th October 2021, and within NIPEC's Standing Financial Instructions.

6.7.2 Gifts and Hospitality

Chairs, board (Council) and staff members must not accept any gifts or hospitality which might, or might reasonably appear to, compromise their personal judgement or integrity or place them under an improper obligation.

Where a gift or hospitality is accepted, this should be reported and recorded in line with the rules set by the body. In any decision to accept gifts or hospitality, it is the **personal responsibility of the Chair, board (Council) or staff member** to ensure that any gifts or hospitality accepted can stand up to public scrutiny and do not bring their public office and the public body into disrepute.

Token gifts (generally at Christmas) of very low intrinsic value such as diaries or calendars may be accepted from persons outside of NIPEC with whom staff have regular contact. At present a limit of £20 is used as a guide to identifying gifts of low intrinsic value but the nature or number of gifts may mean that items whose value is less than this may be considered inappropriate. The number of gifts accepted shall be limited within any financial period.

Apart from trivial/inexpensive seasonal gifts, such as diaries, no gift or hospitality of any kind from any source should be accepted by anyone involved in the procurement or monitoring of a contract. This will ensure that no criticism can be made regarding bias to a particular company or supplier and that the principles of the Bribery Act are complied with.

More expensive or substantial items, valued at £20 or more and gifts of lottery tickets, cash, gift vouchers or gift cheques, cannot on any account be accepted.

All gifts offered, even if they are declined/returned must be recorded in the central register.

If in doubt, staff shall decline the gift or consult their Line Manager before accepting it.

Board (Council) members should set an example to their organisation in the use of public funds and the need for good value when incurring public expenditure. The use of HSC monies for hospitality and entertainment, including hospitality at conferences or seminars, should be carefully considered. All expenditure on these items should be capable of justification as reasonable in light of approved practice in the public sector. HSC boards should be aware that expenditure on hospitality or entertainment is the responsibility of management and is open to challenge by the internal and external auditors. Ill-considered actions can diminish public respect for the HSC.

6.7.3 Sponsorship/Relations with Suppliers

HSC boards should have an explicit procedure for the declaration of hospitality and sponsorship offered by, for example, suppliers. Their authorisation should be carefully considered and decisions should be recorded. HSC boards should be aware of the risks in incurring – or seeming to incur – obligations to suppliers at any stage of a contracting relationship. Commercial sponsorship is not generally acceptable, as acceptance may be perceived as compromising the organisation's integrity.

Acceptance by staff of commercial sponsorship for attendance at relevant conferences and courses might be acceptable providing the employee seeks permission in advance and NIPEC can be absolutely satisfied that its decision-making processes are not compromised.

Members of the Council must be satisfied that their acceptance of any commercial sponsorship could not compromise or be perceived to compromise future decisions.

Acceptance of commercial sponsorship of conferences, courses or other events run by NIPEC may only be accepted if it can be demonstrated that:

- Promotional material of the sponsor does not unduly dominate the event;
- No particular product is being promoted or receiving an implicit endorsement by association with NIPEC; and

- Other commercial bodies have been given an equal opportunity to sponsor and be associated with a particular event or other such events over a period of time.

Any decisions regarding sponsorship are to be referred to NIPEC's Senior Management Team in the case of NIPEC organised events. Decisions, together with all relevant information, shall be recorded in the minutes for future scrutiny.

A suitable contract shall be drawn up with the prospective sponsor, which sets out NIPEC's requirements in line with this Standing Order. Suppliers should be selected on the basis of quality, suitability, reliability and value for money, in line with Northern Ireland public procurement policy.

6.7.4 Register(s) of Hospitality, Gifts and Sponsorship

All instances when hospitality, gifts (of less than £20 in value) and sponsorship are accepted or rejected by any Officer and Non-Officer members of the Council and by members of staff shall be notified to the Chief Executive's Office with a record thereof. The basis of the decision to accept or reject shall be maintained in the Register and monitored Gifts (compliant with circulars DAO (DoF) 07/21 and HSC (F) 31/2021, issued 4th October 2021) and shall be made available for public inspection on request.

6.8 Declaration of Interests

The **Code of Conduct and Code of Accountability** requires the Chairperson and Council Members to declare interests, which are relevant and material to NIPEC on their appointment. All existing managers or budget-holders within NIPEC, having delegated responsibility to commit or influence commitment of Public Funds, shall declare such interests on appointment.

The general principles are that Council Members and relevant officers should declare interests as follows:

- Upon appointment;
- Annually;
- As and when circumstances change after declarations on appointment or annually as new interests arise;
- At meetings;
- At the initiation of a procurement competition;
- In contract management situations;
- Recruitment panels.

Interests that shall be regarded as 'relevant and material' are:

- Directorships, including non-executive directorships held in private companies or PLCs (with the exception of those of dormant companies);
- Ownership or part-ownership of private companies, businesses or consultancies likely, or possibly seeking, to do business with the HSC;
- Majority or controlling share-holdings in organisations likely, or possibly seeking to do business with the HSC;
- A position of trust in a charity or voluntary organisation involving the field of health and social care;
- Any connection with an HSC organisation, voluntary organisation or other organisation contracting (or seeking to contract) for HSC services, or applying for or receiving financial assistance from any NHS body; and
- Any other commercial interest in the decision before the meeting.

At the time Council members' interests are declared, they shall be recorded in the Council minutes. Any changes in interests shall be declared at the Council meeting following the change occurring and recorded in the minutes. Such minutes will be drawn to the attention of the board's internal and external auditors.

Council members' directorships of companies or positions in other organisations likely or possibly seeking to do business with the HSC shall be published in the Council's Annual Report. The information shall be kept up to date for inclusion in succeeding Annual Reports.

During the course of a Council meeting, if a conflict of interest is established, the Member concerned shall, as soon as practicable after its commencement, disclose the fact. It shall be disclosed in a manner that cannot be perceived to influence subsequent discussion or decision. The member shall withdraw from the meeting and play no part in the relevant discussion or decision (see SO 5.12).

There is no requirement under the code, for members to declare 'relevant and material' interests as defined above, held by their spouses or partner. However, it is a requirement of the Constitution Regulations that in the case of married persons, or persons (whether of different sexes or not) living together as if married, the pecuniary interest of one partner shall, if known to the other, be deemed to be also an interest of the other and shall be so disclosed.

There is no requirement under the code, for members to declare 'relevant and material' interests as defined above, held by their spouses or partner. However, it is a requirement of the Constitution Regulations that in the case of married persons, or persons (whether of different sexes or not) living together as if married, the pecuniary interest of one partner shall, if known to the other, be deemed to be also an interest of the other and shall be so disclosed.

The principles of the Bribery Act 2011 must be borne in mind by all NIPEC officers in conducting business.

6.8.1 Register of Interests

The Chief Executive shall ensure that a Register of Interests is established to record formally declarations of interests of members (including associated and co-opted) and officers. In particular the Register shall include details of all directorships and other relevant and material interests, which have been declared by executive and non-executive Council members, managers and budget-holders as defined above.

These details shall be kept up to date by means of an annual review of the Register in which any changes to interests declared during the preceding twelve months shall be incorporated.

The Register shall be available to the public and the Chief Executive shall take reasonable steps to bring the existence of the Register to the attention of the local population and to publicise arrangements for viewing.

If Council members or relevant officers have any doubt about the relevance of an interest, this shall be discussed with the Chairperson or Chief Executive as appropriate. It is important to remember that conflicts can be potential or perceived.

The general principle to be adopted is that if there is uncertainty regarding the need to disclose a particular interest then, in the interests of openness, disclosure shall be made. Further detailed guidance on Conflicts of Interest is available in Circular HSC (F) 31-2021.

6.9 Employment and Appointments

If a Chair or board (Council) member wishes to take up additional employment or appointments during their term of office, they should inform the Chair/ Chief Executive and/or the relevant parent department in advance, and allow them the opportunity to comment.

On leaving office, the member must comply with the rules of the body on the acceptance of future employment or appointments. Each body should have its own rules on this.

6.10 Social Media

Social media is a public forum and the same considerations, including the provisions of this Code, apply as would to speaking in public or writing something

for publication, either officially or in a personal capacity. When engaging with social media chairs and board members should at all times respect confidentiality, financial, legal and personal information. Where any personal social media accounts used make reference or link to their public role, the chair / board member should take care to ensure that it is clear in what capacity they are acting.

6.11 Employee Relations

NIPEC must comply with legislation and guidance from the DoH, respect agreements entered into by themselves or on their behalf and establish terms and conditions of service that are fair to their staff and represent good value for taxpayers' money.

Appointments to NIPEC posts shall be made on the basis of merit and in line with all appropriate HR regulations.

NIPEC Council shall ensure, through the Remuneration Committee, that executive board members' total remuneration can be justified as reasonable in the light of general practice in the public sector. All Council members' total remuneration from the organisation of which they are a member shall be published in the Annual Report.

6.12 Personal Liability of Board Members

The Code of Accountability sets out the personal liability of board members. Legal proceedings by a third party against individual board members are very exceptional. A board member may be personally liable if they make a fraudulent or negligent statement which results in a loss to a third party; or may commit a breach of confidence under common law or a criminal offence under insider dealing legislation, if they misuse information gained through their position. However, the Department of Health has indicated that individual board members who have acted honestly, reasonably, in good faith and without negligence will not have to meet out of their own personal resources any personal civil liability which is incurred in execution or purported execution of their board functions.

6.13 Staff Policies and Procedures

NIPEC has a number of policies and procedures on a range of issues affecting staff and how they work within NIPEC. Staff can access these from the policies sections of the NIPEC website or directly from their Line Manager.

The content of these policies has been consulted on with recognised staff side organisations and cover issues such as:

- Health and safety;
- Equal opportunities;

- ICT security;
- HR policies; and
- Raising Concerns.

6.14 Staff Concerns

HSC boards should ensure that staff have a widely publicised and understood procedure for raising concerns about malpractice, patient safety, financial impropriety or any other serious risks they consider to be in the public interest, including breaches of this code and other concerns of an ethical nature. The board (Council) and non-executive directors must promote a culture of safety built on openness and accountability. Staff must be reassured that it is safe and acceptable to speak up and that their concerns will be handled with sensitivity and respect for confidentiality.

NIPEC has in place a procedure for raising concerns about malpractice, financial impropriety or any other serious risks that they consider to be in the public interest. Full details can be found in the NIPEC Raising Concerns Policy.

6.15 Corporate Responsibility

Chairs and board members should respect the principle of collective decision-making and corporate responsibility. This means that, once the board (Council) has made a decision, all members should support that decision.

6.16 Compliance

Board (Council) members should satisfy themselves that the actions of the board (Council) and its members in conducting business fully reflect the values in this Code of Conduct. They must ensure that, as far as is reasonably practicable, concerns expressed by staff or others have been fully investigated and acted on.

7.0 POWERS AND DUTIES

The powers and duties of individuals within NIPEC are generally set out in the relevant Job Descriptions and Contract of Employment. All individuals are expected to behave at all times in accordance with the Standing Orders.

Those individuals who comprise the Council, that is the Chairperson, Executive and Non-Executive Council members, shall pay regard to SO 2, which sets out the main functions of the board and those matters that are reserved to the Council.

When acting in the capacity of a member of a Council Committee, those individuals shall have regard to the appropriate Terms of Reference which sets out those matters which have been delegated by the Council.

The Chief Executive, Senior Managers and other staff shall pay regard to any appropriate delegation arrangements either by the Council or the Chief Executive. This may delegate responsibility to the individual in a personal capacity or as a member of a working group or committee.

Individuals are accountable through their professional or management structure as well as through any participation on a working group, committee or functional role. This accountability is to the Chief Executive through the Senior Management Team.

TERMS OF REFERENCE NIPEC AUDIT AND RISK COMMITTEE

1.0 REMIT

The Code of Conduct and Code of Accountability for Board members of Health and Social Care (HSC) bodies (originally issued in November 1994, updated in July 2012), specifies the requirement for HSC bodies to establish an Audit Committee. It further states that the Audit Committee supports the board (Council) and Accountable Officer with regard to their responsibilities for issues of risk, control and governance and associated assurance through constructive challenge.

The Partnership Agreement (2024) agreed between NIPEC and the Department of Health (DoH) also states that '*NIPEC shall set up an audit committee as a committee of its Council, in accordance with current Cabinet Office guidance and in line with the Audit and Risk Assurance Committee handbook.*'

The cessation of the Controls Assurance process from 1 April 2018 onwards was announced by the Department of Health (DoH) in August 2017. This took cognisance of the fact that, for many of the standards, a more appropriate assurance mechanism already existed, or could readily be put in place, to enable Chief Executives as Accountable Officers to discharge their responsibilities and provide assurance to the DoH, the Assembly and the public.

On 11 September 2017 the DoH wrote to all its ALB Governance Leads confirming that the existing governance and accountability tools provide the Department with appropriate assurance on governance and risk management, namely:

- Accountability process and sponsorship function;
- Board Governance self-assessment tool;
- Assurance Framework;
- Mid-Year Assurance and Governance Statement;
- Independent assurance – BSO Internal Audit/RQIA; and
- Partnership Agreement.

According to the Codes, the audit committee has no authority in its own right, either over the management of risk, control, governance etc. or over the operations of those bodies which conduct audit and assurance work in the organisation. It may, however, offer opinions or recommendations on the way in which such management is conducted. The NIPEC Audit and Risk Committee is therefore an advisory body with no executive powers, other than these specifically delegated in these Terms of Reference. However, it is authorised by the Council to investigate any activity within its terms of reference, and to seek any information it requires from members of staff, who are requested to co-

operate with the Committee in the conduct of its enquiries. Requests for work, and reports received, from internal audit will be channelled through the Chief Executive.

As an audit committee that is asked to act also as a risk committee, in accordance with the Code of Accountability (para 16), the NIPEC Audit and Risk Committee will take particular care to avoid taking up the executive risk management function and to maintain its independence.

The Audit and Risk Committee is authorised by the Council to obtain outside legal or other independent professional advice and to secure the attendance of outsiders with relevant experience and expertise, if it considers this necessary.

2.0 MEMBERSHIP

The Committee shall comprise of four non-executive members, with a quorum of two. In accordance with the Code of Accountability, none of these members should be the Chair or members of the Remuneration Committee.

The Chair of the Council should not normally be one of these non-executive members, although he/she could be invited to attend meetings where issues discussed are pertinent to the whole Council.

The Chief Executive, in his/her role as the Accountable Officer, will normally attend meetings of the Committee either to form a view and understanding of the Committee's operation or to provide assurances and explanations to the Committee on specific issues.

The Audit and Risk Committee will be chaired by a member of the Council other than the Chair or Chief Executive, who has relevant management expertise.

The Chair and members of the Audit and Risk Committee shall be appointed by the Council. Other non-executive NIPEC members may also be invited by the Chair of the Audit and Risk Committee to attend the Committee.

The Secretary of the Audit and Risk Committee will be responsible for the circulation of the agenda, minutes, and papers to the members of the Committee and the circulation of the minutes to all members of the Council and to the Sponsor Branch at the same time. The DoH will attend at least one meeting per year in an observer capacity and will not participate in any Audit Committee discussion.

3.0 FREQUENCY OF MEETINGS

The Audit and Risk Committee will normally meet on four occasions each year and there will be at least three meetings per annum. The External Auditor or Head of Internal Audit may request a meeting if they consider that one is necessary.

The Audit and Risk Committee may ask any or all those who normally attend but are not members to withdraw to facilitate open and frank discussion of particular matters.

The Council or the Accounting officer may ask the Audit and Risk Committee to convene further meetings to discuss particular issues on which they want the Committee's advice.

4.0 ACCESS

The Head of Internal Audit and the representative of External Audit will have free and confidential access to the Chair of the Audit and Risk Committee.

5.0 TERMS OF REFERENCE

The Terms of Reference will be reviewed in conjunction with the Standing Orders for NIPEC by the Audit and Risk Committee and the NIPEC Council, to ensure that the work of the Committee is aligned with the business needs of the organisation.

The duties of the Committee can be categorised as follows:

(a) Governance, Risk Management and Internal Control

The committee shall review the establishment and maintenance of an effective system of integrated governance, risk management and internal control, across the whole of the organisation's activities that supports the achievement of the organisation's objectives.

In particular, the Committee will review the adequacy of:

- all risk and control related disclosure statements (in particular the Governance Statement), together with any accompanying Head of Internal Audit statement, external audit opinion or other appropriate independent assurance, prior to endorsement by the Council;
- the underlying assurance processes that indicate the degree of the achievement of corporate objectives, the effectiveness of the management of principal risk and the appropriateness of the above disclosure statements;
- the policies for ensuring compliance with relevant regulatory, legal and code of conduct requirements;
- the policies and procedures for all work related to fraud and corruption as set out in the DoH Directions and the Raising Concerns policy.

In carrying out this work the Committee will primarily utilise the work of Internal Audit and External Audit and other assurance functions, but will not be limited to these audit functions. It will also seek reports and assurances from Senior Managers and managers as appropriate, concentrating on the over-arching

systems of integrated governance, risk management and internal control, together with indicators of their effectiveness.

This will be evidenced through the Committee's use of an effective Assurance Framework to guide its work and that of the audit and assurance functions that report to it.

In addition, as specified in the Partnership Agreement, the Committee should complete the National Audit checklist on an annual basis. Assurance on the completion of the checklist will be provided through the Mid-Year Assurance Statement with any exception issues reported to the Department.

(b) Internal Audit

The Committee shall ensure that there is an effective internal audit function established by management that meets Internal Audit Standards and provides appropriate independent assurance to the Audit Committee, Chief Executive and Council. This will be achieved by:

- consideration of the provision of the Internal Audit Service, the cost of the audit and any questions of resignation and dismissal;
- review and approval of the Internal Audit strategy, operational plan and more detailed programme of work, ensuring that this is consistent with the audit needs of the organisation as identified in the Assurance framework;
- consideration of the major findings of internal audit work (and management's response, including the monitoring of management progress in meeting internal audit recommendations) and ensure co-ordination between the Internal and External Auditors to optimise audit resources;
- ensuring that the Internal Audit function is adequately resourced and has appropriate standing within the organisation;
- annual review of the effectiveness of internal audit.

(c) External Audit

The Northern Ireland Comptroller and Auditor General is the appointed External Auditor. He may appoint independent companies to carry out the external audit function. The Governance and Risk Committee has a duty to ensure that an effective External Audit service is provided. Management shall offer advice to the Committee in their annual assessment of the performance of the External Audit Service.

The Committee shall review the work and findings of the External Auditor and consider the implications and management's responses to their work. This will be achieved by:

- consideration of the appointment and performance of the External Auditor;
- discussion and agreement with the External Auditor, before the audit commences, of the nature and scope of the audit as set out in the Annual Plan;
- discussion with the External Auditors of their local evaluation of audit risks and assessment of the Council;
- review of all External Audit reports, including agreement of the annual audit letter before submission to the Council and any work carried outside the annual audit plan, together with the appropriateness of management responses.

(d) Other Assurance Functions

The Audit and Risk Committee shall review the findings of other significant assurance functions, both internal and external to the organisation, and consider the implications to the governance of the organisation.

The Audit and Risk Committee shall also:

- review proposed changes to standing orders and standing financial instructions;
- examine the circumstances associated with each instance when standing orders are waived;
- review all proposed losses for write-off and compensation payments and make recommendations to Council;
- approve accounting policies and subsequent changes to them;
- monitor the implementation of the **Code of Conduct** and the **Code of Accountability**, thus offering assurance to Council of probity in the conduct of business.

In addition, the Committee will review the work of other committees within the organisation, whose work can provide relevant assurance to the Audit Committee's own scope of work. This will particularly include any Governance or Risk Management sub-committees that are established.

(e) Management

The Committee shall request and review reports and positive assurances from Senior Managers on the overall arrangements for governance, risk management and internal control.

They may also request specific reports from individual functions within the organisation as they may be appropriate to the overall arrangements.

(f) Financial Reporting

The Audit and Risk Committee shall review the Annual Report and Financial Statements before submission to the Council and signature by the Accounting Officer, focusing on:

- the wording in the Governance Statement and other disclosures relevant to the Terms of Reference of the Committee;
- changes in, and compliance with, accounting policies and practices;
- unadjusted mis-statement in the financial statements;
- major judgemental areas;
- significant adjustments resulting from the audit.

The Committee should also ensure that the systems for financial reporting to the Council including those of budgetary control are subject to review as to completeness and accuracy of the information provided to the Council.

(g) Reporting

The minutes of the Audit and Risk Committee meetings shall be formally recorded and submitted to the Council. The Chair of the Committee shall draw to the attention of the Council any issues that require disclosure to the full Council or require executive action.

The Committee will report to the Council annually on its work in support of the Governance Statement, specifically commenting on the fitness for purpose of the Assurance Framework, the completeness and embeddedness of risk management in the organisation and the integration of governance arrangements.

(h) Other Matters

The Committee shall be supported administratively by the Professional Secretary, whose duties in this respect will include:

- agreement of Agenda and collation of papers;
- taking the minutes and keeping a record of matters arising and issues to be carried forward;
- advising the Committee on pertinent areas.

6.0 CONSTITUTION OF THE AUDIT AND RISK COMMITTEE

The constitution of the Audit and Risk Committee is as follows:

TERMS OF REFERENCE FOR NIPEC REMUNERATION COMMITTEE

1. INTRODUCTION

- 1.1 The most recent Code of Conduct and Code of Accountability for Board members of Health and Social Care Bodies (October 2022) was issued by the Department on 12 October 2022. The Code of Accountability requires the Northern Ireland Practice and Education Council for Nursing and Midwifery Council (NIPEC) to establish a Remuneration Committee. The Code further requires that the Committee has formally agreed Terms of Reference which set out the membership of the Committee, the limits to their power and the arrangements for reporting back to the main board (Council).
- 1.2 NIPEC has therefore established a Remuneration Committee whose primary role is to make recommendations to the Council on all aspects of remuneration and terms and service of employment for the Chief Executive. Directions issued by the Department on pay must be scrupulously observed. (It should be noted that all members of staff, with the exception of the Chief Executive on a Senior Executive Contract, are on nationally agreed terms and conditions of service.) The Committee is a non-executive committee of the Council and has no executive powers, other than those specifically delegated in these Terms of Reference.
- 1.3 The Remuneration Committee must comply with the rules set by the board (Council) and the public body regarding remuneration, allowances and expenses. It is the responsibility of the Remuneration Committee to ensure compliance with all relevant HM Revenue and Customs' requirements concerning payments, including expenses.

2. MEMBERSHIP

- 2.1 The Committee shall comprise the Chair of the NIPEC Council and at least two non-executive Council members, to include Professional and Lay Members. Only members of the Council may be members of the Remuneration Committee. However, those Council members who are in membership of the NIPEC Audit & Risk Committee are excluded from membership of the Remuneration Committee.
- 2.2 The Chair of the NIPEC Council will act as the Chair of the Remuneration Committee. In the absence of the Chair of the Council, a Deputy Chair from the membership of the Committee and recommended by Council, will act as the Chair.

2.3 The Accountable Officer, senior HR lead, or other senior persons may be requested to attend the Committee meetings as directed by the Chair of the Committee.

2.4 In the absence of either the Committee Chair or the Deputy Chair, the members present will elect one of themselves to Chair the meeting.

3. DECLARATION OF INTEREST

Care must be taken to avoid any conflict of interests that may, or may be seen to compromise the independence of the decision-making process. Therefore, the Committee Chair will ask at the beginning of each meeting whether any member has an interest to declare about any issue discussed at the meeting. If a member has a direct or indirect connection with an issue on the agenda which may impact on their ability to be objective they must declare an interest to the Chair. A decision will then be taken as to whether it is appropriate or not for this member to remain involved.

4. SECRETARIAL SUPPORT

Secretarial support will not normally be provided to the Committee by any NIPEC staff unless the Chair specifically requests it. A note of the meeting and agreed actions will be made by the Chair and reported in a confidential session to the next Council meeting for ratification. Any minutes should be held in a secure place in the event of the need for future reference.

5. FREQUENCY OF MEETINGS

5.1 The Committee will meet at least once a year. Other meetings will be arranged by the Secretary of the NIPEC Chair at the request of the Committee Chair or any of its members.

5.2 The Council may ask the Committee to convene further meetings to discuss particular issues on which they want the Committee's advice.

6. NOTICE OF MEETINGS

6.1 Unless otherwise agreed, notice of each meeting confirming the venue, time and date together with the agenda of items to be discussed, will be forwarded to each member of the Committee, and any other person required or invited to attend, no later than five working days before the date of the meeting.

6.2 Supporting papers will be sent to the Committee members and to other attendees, as appropriate, at the same time.

7. ATTENDANCE AT MEETINGS

- 7.1 Only members of the NIPEC Council have the right to attend Remuneration Committee meetings. Other individuals may be invited to attend, in an advisory capacity, at the invitation of the Chair of the Committee. The Accounting Officer and the HR lead will normally only attend for that part of the meeting to which they have been invited by the Chair of the Committee.
- 7.2 A minimum of three members of the Committee, which should include the Chair, a Professional Member and a Lay Member, shall be present for the meeting to be deemed quorate. A decision put to a vote at the meeting shall be determined by a majority of the votes of the members present. In the case of an equal vote, the Chair of the Committee shall have a second and casting vote.
- 7.3 Any of the members of the Committee may participate in a meeting of the Committee by telephone or video conference (or equivalent) and will be deemed to be present.

8. RESPONSIBILITIES

- 8.1 To advise the Council about appropriate remuneration and terms of service for NIPEC's Chief Executive, who is currently the only member of NIPEC staff on a Senior Scale Executive Contract. It is the role of the Committee in making such recommendations to ensure that the Chief Executive is fairly rewarded for their individual contribution to the organisation. This would include having proper regard to the organisation's circumstances and performance and to the provision of any arrangements established for Senior Executive staff by the Department of Health (DoH). No individual will be involved in any decisions on their own remuneration.
- 8.2 In doing so the Committee will:
 - 8.2.1 Act at all times in accordance with DoH policy and ensure that the Chief Executive's total remuneration can be justified as reasonable within departmental limits.
 - 8.2.2 Ensure that contractual terms on termination, and any payments made, are fair to the individual, and NIPEC, that failure is not rewarded and that the duty to mitigate loss is fully recognised.
 - 8.2.3 Ensure that all provisions regarding disclosure of remuneration, including pensions, are appropriately fulfilled.
 - 8.2.4 Oversee the proper functioning of performance and appraisal systems.

9. REVIEW

- 9.1 These Terms of Reference will be reviewed in conjunction with the Standing Orders for NIPEC and recommend any changes to the Council for approval.
