## Foreword

Section 75 of the Northern Ireland Act 1998 (the Act) requires public authorities, in carrying out their functions relating to Northern Ireland, to have due regard to the need to promote equality of opportunity and regard to the desirability of promoting good relations across a range of categories outlined in the Act<sup>1</sup>.

In our equality scheme we set out how the Northern Ireland Practice and Education Council (NIPEC) for Nursing and Midwifery propose to fulfil the Section 75 statutory duties.

We will commit the necessary resources in terms of people, time and money to make sure that the Section 75 statutory duties are complied with and that the equality scheme is implemented effectively, and on time.

We commit to having effective internal arrangements in place for ensuring our effective compliance with the Section 75 statutory duties and for monitoring and reviewing our progress.

We will develop and deliver a programme of communication and training with the aim of ensuring that all our staff and board members are made fully aware of our equality scheme and understand the commitments and obligations within it. We will develop a programme of awareness raising for our consultees on the Section 75 statutory duties and our commitments in our equality scheme.

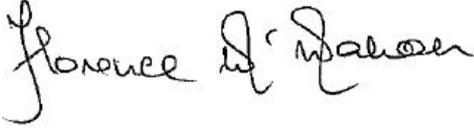

We, the Chair and Chief Executive of NIPEC, are fully committed to effectively fulfilling our Section 75 statutory duties across all our functions (including service provision, employment and procurement) through the effective implementation of our equality scheme.

We realise the important role that the community and voluntary sector and the general public have to play to ensure the Section 75 statutory duties are effectively implemented. Our equality scheme demonstrates how determined we are to ensure there are opportunities, for people affected by our work, to positively influence how we carry out our functions in line with our Section 75 statutory duties. It also offers the means whereby persons directly affected by what they consider to be a failure, on our part, to comply with our equality scheme, can make complaints.

On behalf of NIPEC, and our staff, we are pleased to support and endorse this equality scheme which has been drawn up in accordance with Section 75 and Schedule 9 of the Northern Ireland Act 1998 and Equality Commission guidelines.

## Chapter 1 Introduction

### Section 75 of the Northern Ireland Act 1998

- 1.1 Section 75 of the Northern Ireland Act 1998 (the Act) requires the Northern Ireland Practice and Education Council (NIPEC) for Nursing and Midwifery to comply with two statutory duties:

#### Section 75 (1)

In carrying out our functions relating to Northern Ireland we are required to have due regard to the need to promote equality of opportunity between:

- Persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation
- Men and women generally
- Persons with a disability and persons without
- Persons with dependants and persons without.

#### Section 75 (2)

In addition, without prejudice to the obligations above, in carrying out our functions in relation to Northern Ireland we are required to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group.

“Functions” include the “powers and duties” of a public authority<sup>2</sup>. This includes our employment and procurement functions.

Please see below under “Who we are and what we do” for a detailed explanation of our functions.

### How we propose to fulfil the Section 75 duties in relation to the relevant functions of NIPEC

- 1.2 Schedule 9 4. (1) of the Act requires NIPEC as a designated public authority to set out in an equality scheme how it proposes to fulfil the duties imposed by Section 75 in relation to its relevant functions. This equality scheme is intended to fulfil that statutory requirement. It is both a statement of our arrangements for fulfilling the Section 75 statutory duties and our plan for their implementation.
- 1.3 NIPEC is committed to the discharge of our Section 75 obligations in all parts of our organisation and we will commit the necessary available resources in terms of people, time and money to ensure that the Section 75

<sup>2</sup> Section 98 (1) of the Northern Ireland Act 1998.

statutory duties are complied with and that our equality scheme can be implemented effectively.

## **Who we are and what we do**

NIPEC was established as a Non-Departmental Public Body by the Northern Ireland Assembly in 2002. NIPEC aims to improve the quality of health and care by supporting the practice, education and performance of nurses and midwives.

NIPEC supports the development of nurses and midwives by promoting high standards for practice, education and professional development, and provides advice and guidance on best practice and matters relating to nursing and midwifery. This support, advice and guidance takes various forms and includes the following projects/initiatives:

- Quality assurance of commissioned development and education activity by the Department of Health, Social Services and Public Safety.
- Evaluation of the infrastructure to support learning and assessment in practice.
- Leading Care Project: supporting and strengthening the role of Ward Sisters/Charge Nurses, and NIPEC's current support to the HSC Trusts to promote the Ward Sister/Charge Nurse web resource.
- Development of a regional record for the supervision of Midwifery practice.
- Development of a core training competency framework for nurses and midwives in relation to safeguarding children.
- Review of the management of aggression and violence training for nurses and midwives.
- Ongoing development and management of the Development Framework website and resources.

More information on the NIPEC's work can be found on its website – [www.nipec.hscni.net](http://www.nipec.hscni.net)

NIPEC is a people-centred organisation guided by a set of important principles that directly impact on what we do and how we do it. We value deeply our responsibility to:

- Provide leadership that will have a positive impact on the nursing and midwifery professions.
- Promote a culture of equality and diversity.
- Work in partnership with stakeholders for the good of the public.
- Act at all times with complete integrity and transparency.
- Be accessible to individuals and interested organisations.
- Be accountable to the public and our stakeholders.
- Be open-minded and creative in our approach to our work.

NIPEC is accountable to the Minister via the Department of Health, Social Services and Public Safety (DHSSPS). The DHSSPS Human Resources Directorate is the sponsoring department for NIPEC, but the organisation is also accountable to the Chief Nursing Officer in relation to professional issues.

NIPEC has a range of supporting corporate, operational and management functions to enable it to carry out its core functions. A number of these areas are provided and/or supported by the Business Services Organisation and its directorates, including finance, internal audit, supplies, legal, risk, procurement, and human resources and employment issues.

## **Chapter 2 Our arrangements for assessing our compliance with the section 75 duties**

(Schedule 9 4. (2) (a))

- 2.1 Some of our arrangements for assessing our compliance with the Section 75 statutory duties are outlined in other relevant parts of this equality scheme, including our monitoring arrangements, assessment of impact of policies arrangements, consultation, publication, and complaints.

In addition we have the following arrangements in place for assessing our compliance:

### **Responsibilities and reporting**

- 2.2 We are committed to the fulfilment of our Section 75 obligations in all parts of our work.
- 2.3 Responsibility for the effective implementation of our equality scheme lies with the Chief Executive. The Chief Executive is accountable to NIPEC Council for the development, implementation, maintenance and review of the equality scheme in accordance with Section 75 and Schedule 9 of the Northern Ireland Act 1998, including any good practice or guidance that has been or may be issued by the Equality Commission.
- 2.4 If you have any questions or comments regarding our equality scheme, please contact, in the first instance, Janet Hall, Corporate Services Manager, at the address given below, and we will respond to you as soon as possible:

- 2.5 Objectives and targets relating to the statutory duties will be integrated into our strategic and operational business plans<sup>3</sup>.

---

<sup>3</sup> See Appendix 4 'Timetable for measures proposed' and section 2.11 of this equality scheme.

- 2.6 Employees' job descriptions and performance plans reflect their contributions to the discharge of the Section 75 statutory duties and implementation of the equality scheme, where relevant. The personal performance plans are subject to appraisal in the annual performance review.
- 2.7 NIPEC prepares an annual report on the progress we have made on implementing the arrangements set out in this equality scheme to discharge our Section 75 statutory duties (Section 75 annual progress report).

The Section 75 annual progress report will be sent to the Equality Commission by 31 August each year and will follow any guidance on annual reporting issued by the Equality Commission.

An executive summary of our annual equality report outlining progress on the delivery of Section 75 statutory duties is also included in our Annual Report and Accounts.

- 2.8 The latest Section 75 annual progress report is available on our website - [www.nipec.hscni.net](http://www.nipec.hscni.net) or by contacting:

- 2.9 NIPEC liaises closely with the Equality Commission to ensure that progress on the implementation of our equality scheme is maintained.
- 2.10 NIPEC has in place further arrangements for taking forward implementation of its Equality Scheme:
- The Corporate Services Management Team drive the equality and diversity agenda across the organisation, in particular the mainstreaming of equality in all its work.
  - We participate, with other similar Agencies and HSC bodies, in the Equality Agency Group, convened by the Business Services Organisation.

- Reporting at fortnightly Executive Team meetings and quarterly Audit Committee and Council meetings, progress against Service Delivery Plans and Corporate Plan.

## **Action plan/action measures**

- 2.11 We have developed an action plan to promote equality of opportunity and good relations. This action plan does not form part of this Equality Scheme.
- 2.12 The action measures that make up our action plan are relevant to our functions. They have been developed and prioritised on the basis of an audit of inequalities. The audit of inequalities gathered and analysed information across the Section 75 categories<sup>4</sup> to identify the inequalities that exist for our service users and those affected by our policies<sup>5</sup>.
- 2.13 Action measures are specific, measurable, linked to achievable outcomes, realistic and time bound. Action measures include performance indicators and timescales for their achievement.
- 2.14 We will develop any action plans for a period of 2 years in order to align them with our corporate and business planning cycles. Implementation of the action measures will be incorporated into our business planning process.
- 2.15 We will seek input from our stakeholders and consult on our action plan before we send it to the Equality Commission and thereafter when reviewing the plan as per 2.16 below.
- 2.16 We will monitor our progress on the delivery of our action measures annually and update the action plan as necessary to ensure that it remains effective and relevant to our functions and work.
- 2.17 We will inform the Equality Commission of any changes or amendments to our action plan and will also include this information in our Section 75 annual progress report to the Commission. Our Section 75 annual progress report will incorporate information on progress we have made in implementing our action plans/action measures.
- 2.18 Once finalised, our action plan will be available on our website [www.nipec.hscni.net](http://www.nipec.hscni.net) or by contacting:

## Chapter 3 Our arrangements for consulting

(Schedule 9 4. (2) (a)) - on matters to which a duty (S75 (1) or (2)) is likely to be relevant (including details of the persons to be consulted).

(Schedule 9 4. (2) (b)) on the likely impact of policies adopted or proposed to be adopted by us on the promotion of equality of opportunity.

- 3.1 We recognise the importance of consultation in all aspects of the implementation of our statutory equality duties. We will consult on our equality scheme, action measures, equality impact assessments and other matters relevant to the Section 75 statutory duties.
- 3.2 We are committed to carrying out consultation in accordance with the following principles (as contained in the Equality Commission's guidance '*Section 75 of the Northern Ireland Act 1998 – A Guide for Public Authorities (April 2010)*'):
- 3.2.1 All consultations will seek the views of those directly affected by the matter/policy, the Equality Commission, representative groups of Section 75 categories, other public authorities, voluntary and community groups, our staff and their trades unions and such other groups who have a legitimate interest in the matter, whether or not they have a direct economic or personal interest.

Initially all consultees (see Appendix 3), as a matter of course, will be notified (by email or post) of the matter/policy being consulted upon to ensure they are aware of all consultations. Thereafter, to ensure the most effective use of our and our consultees' resources, we will take a targeted approach to consultation for those consultees that may have a particular interest in the matter/policy being consulted upon and to whom the matter/policy is of particular relevance. This may include for example regional or local consultations, sectoral or thematic consultation etc.

- 3.2.2 Consultation with all stakeholders will begin as early as possible. We will engage with affected individuals and representative groups to identify how best to consult or engage with them. We will ask our consultees what their preferred consultation methods are and will give consideration to these. Methods of consultation could include:

- Face-to-face meetings
- Focus groups
- Written documents with the opportunity to comment in writing

- Questionnaires
- Information/notification by email with an opportunity to opt in/opt out of the consultation
- Internet discussions or
- Telephone consultations.

This list is not exhaustive and we may develop other additional methods of consultation more appropriate to key stakeholders and the matter being consulted upon.

3.2.3 We will consider the accessibility and format of every method of consultation we use in order to remove barriers to the consultation process. Specific consideration will be given as to how best to communicate with children and young people, people with disabilities (in particular people with learning disabilities) and minority ethnic communities. We take account of existing and developing good practice, including the Equality Commission's guidance *Let's Talk Let's Listen – Guidance for public authorities on consulting and involving children and young people (2008)*.

Information will be made available, on request, in alternative formats<sup>6</sup>, in a timely manner, usually within 10 working days, unless the services of a third party are required, eg. translation providers. We will ensure that such consultees have equal time to respond.

3.2.4 Specific training is provided to those facilitating consultations to ensure that they have the necessary skills to communicate effectively with consultees.

3.2.5 To ensure effective consultation with consultees<sup>7</sup> on Section 75 matters, we will develop a programme of awareness raising on the Section 75 statutory duties and the commitments in our equality scheme by undertaking the following:

- We will include a comprehensive explanation of our statutory duties including commitments made in our Equality Scheme in the consultation documentation, or, where appropriate, alternative steps will be taken to raise such awareness, e.g. public consultation meetings.
- We will produce an accessible document outlining the functions of NIPEC and the commitments in our Equality Scheme.

---

<sup>6</sup> See Chapter 6 of our equality scheme for further information on alternative formats of information we provide.

<sup>7</sup> Please see Appendix 3 for a list of our consultees.

- In addition we will approach consultees with a proposal for the establishment of an Advisory Group.
- If screening of a particular policy or decision identifies any external stakeholders who may not have the ability to respond to consultation effectively we will engage with the individual(s) in the first instance to find out how to best facilitate their input to the consultation, and where this is not effective or appropriate we will make contact with relevant Section 75 representative groups to find out how best we can encourage their input.

3.2.6 The consultation period lasts for a minimum of twelve weeks to allow adequate time for groups to consult amongst themselves as part of the process of forming a view. However, in exceptional circumstances when this timescale is not feasible (for example implementing EU Directives or UK wide legislation, meeting Health and Safety requirements, addressing urgent public health matters or complying with Court judgements), we may shorten timescales to eight weeks or less before the policy is implemented. We may continue consultation thereafter and will review the policy as part of our monitoring commitments<sup>8</sup>.

Where, under these exceptional circumstances, we must implement a policy immediately, as it is beyond our authority's control, we may consult after implementation of the policy, in order to ensure that any impacts of the policy are considered.

3.2.7 If a consultation exercise is to take place over a period when consultees are less able to respond, for example, over the summer or Christmas break, or if the policy under consideration is particularly complex, we will give consideration to the feasibility of allowing a longer period for the consultation.

3.2.8 We are conscious of the fact that affected individuals and representative groups may have different needs. We will take appropriate measures to ensure full participation in any meetings that are held. We will consider for example the time of day, the appropriateness of the venue, in particular whether it can be accessed by those with disabilities, how the meeting is to be conducted, the use of appropriate language, whether a signer and/or interpreter is necessary, and whether the provision of childcare and support for other carers is required.

---

<sup>8</sup> Please see below at 4.27 to 4.31 for details on monitoring.

3.2.9 We make all relevant information available to consultees in appropriate formats to ensure meaningful consultation. This includes detailed information on the policy proposal being consulted upon and any relevant quantitative and qualitative data.

3.2.10 In making any decision with respect to a policy adopted or proposed to be adopted, we take into account any assessment and consultation carried out in relation to the policy.

3.2.11 We provide feedback to consultees in a timely manner. A feedback report is prepared which includes summary information on the policy consulted upon, a summary of consultees' comments and a summary of our consideration of and response to consultees' input. The feedback is provided in formats suitable to consultees. (Please see also 6.3)

## Chapter 4 Our arrangements for assessing, monitoring and publishing the impact of policies

(Schedule 9 4. (2) (b); Schedule 9 4. (2) (c); Schedule 9 4. (2) (d); Schedule 9 9. (1); Schedule 9 9.(2))

### Our arrangements for assessing the likely impact of policies adopted or proposed to be adopted on the promotion of equality of opportunity

(Schedule 9 4. (2) (b))

- 4.1 In the context of Section 75, 'policy' is very broadly defined and it covers all the ways in which we carry out or propose to carry out our functions in relation to Northern Ireland. In respect of this equality scheme, the term policy is used for any (proposed/amended/existing) strategy, policy initiative or practice and/or decision, whether written or unwritten and irrespective of the label given to it, eg, 'draft', 'pilot', 'high level' or 'sectoral'.
- 4.2 In making any decision with respect to a policy adopted or proposed to be adopted, we take into account any assessment and consultation carried out in relation to the policy, as required by Schedule 9 9. (2) of the Northern Ireland Act 1998.
- 4.3 NIPEC uses the tools of **screening** and **equality impact assessment** to assess the likely impact of a policy on the promotion of equality of opportunity and good relations. In carrying out these assessments we will relate them to the intended outcomes of the policy in question and will also follow Equality Commission guidance.
- The guidance on screening, including the screening template, as detailed in the Commission's guidance '*Section 75 of the Northern Ireland Act 1998 – A Guide for Public Authorities (April 2010)*'.
  - On undertaking an equality impact assessment as detailed in the Commission's guidance '*Practical guidance on equality impact assessment (February 2005)*'.

### Screening

- 4.4 The purpose of screening is to identify those policies that are likely to have an impact on equality of opportunity and/or good relations.
- 4.5 Screening is completed at the earliest opportunity in the policy development/ review process. Policies which we propose to adopt will be subject to screening prior to implementation. For more detailed strategies or policies that are to be put in place through a series of stages, we will screen at various stages during implementation.

- 4.6 The lead role in the screening of a policy is taken by the policy decision maker who has the authority to make changes to that policy. However, screening will also involve other relevant team members, for example, equality specialists, those who implement the policy and staff members from other relevant work areas. Where possible we will include key stakeholders in the screening process.
- 4.7 The following questions are applied to all our policies as part of the screening process:
- What is the likely impact on equality of opportunity for those affected by this policy, for each of the Section 75 equality categories? (minor/major/none)
  - Are there opportunities to better promote equality of opportunity for people within the Section 75 equality categories?
  - To what extent is the policy likely to impact on good relations between people of a different religious belief, political opinion or racial group? (minor/major/none)
  - Are there opportunities to better promote good relations between people of a different religious belief, political opinion or racial group?
- 4.8 In order to answer the screening questions, we gather all relevant information and data, both qualitative and quantitative. In taking this evidence into account we consider the different needs, experiences and priorities for each of the Section 75 equality categories. Any screening decision will be informed by this evidence.
- 4.9 Completion of screening, taking into account our consideration of the answers to all four screening questions set out in 4.7 above, will lead to one of the following three outcomes:
1. The policy has been ‘screened in’ for equality impact assessment
  2. The policy has been ‘screened out’ with mitigation<sup>9</sup> or an alternative policy proposed to be adopted
  3. The policy has been ‘screened out’ without mitigation or an alternative policy proposed to be adopted.
- 4.10 If our screening concludes that the likely impact of a policy is ‘minor’ in respect of one, or more, of the equality of opportunity and/or good relations categories, we may on occasion decide to proceed with an equality impact assessment, depending on the policy. If an EQIA is not to be conducted we will nonetheless consider measures that might mitigate the policy impact as

---

<sup>9</sup> Mitigation – Where an assessment (screening in this case) reveals that a particular policy has an adverse impact on equality of opportunity and / or good relations, a public authority must consider ways of delivering the policy outcomes which have a less adverse effect on the relevant Section 75 categories.

well as alternative policies that might better achieve the promotion of equality of opportunity and/or good relations.

Where we mitigate we will outline in our screening template the reasons to support this decision together with the proposed changes, amendments or alternative policy.

This screening decision will be 'signed off' by the appropriate NIPEC officer.

- 4.11 If our screening concludes that the likely impact of a policy is 'major' in respect of one, or more, of the equality of opportunity and/or good relations categories, we will normally subject the policy to an equality impact assessment. This screening decision will be 'signed off' by the appropriate policy lead within NIPEC.
- 4.12 If our screening concludes that the likely impact of a policy is 'none', in respect of all of the equality of opportunity and/or good relations categories, we may decide to screen the policy out. If a policy is 'screened out' as having no relevance to equality of opportunity or good relations, we will give details of the reasons for the decision taken. This screening decision will be 'signed off' by the appropriate policy lead within NIPEC
- 4.13 As soon as possible following the completion of the screening process, the screening template, signed off and approved by the senior manager responsible for the policy, will be made available on our website [www.nipec.hscni.net](http://www.nipec.hscni.net) or by contacting:

Fax: (028) 9033 3298  
Email: [janet.hall@nipec.hscni.net](mailto:janet.hall@nipec.hscni.net)

- 4.14 If a consultee, including the Equality Commission, raises a concern about a screening decision based on supporting evidence, we will review the screening decision.
- 4.15 Our screening reports are published quarterly [see below at 4.20 - 4.22 and 4.23 for details].

## **Equality impact assessment**

- 4.16 An equality impact assessment (EQIA) is a thorough and systematic analysis of a policy, whether that policy is formal or informal, and irrespective of the scope of that policy. The primary function of an EQIA is to determine the extent of any impact of a policy upon the Section 75 categories and to determine if the impact is an adverse one. It is also an opportunity to demonstrate the likely positive outcomes of a policy and to seek ways to more effectively promote equality of opportunity and good relations.
- 4.17 Once a policy is screened and screening has identified that an equality impact assessment is necessary, we will carry out the EQIA in accordance with Equality Commission guidance. The equality impact assessment will be carried out as part of the policy development process, before the policy is implemented.
- 4.18 Any equality impact assessment will be subject to consultation at the appropriate stage(s). For details see above Chapter 3 “Our Arrangements for Consulting”.

### **Our arrangements for publishing the results of the assessments of the likely impact of policies we have adopted or propose to adopt on the promotion of equality of opportunity**

(Schedule 9 4. (2) (d); Schedule 9 9. (1))

- 4.19 We make publicly available the results of our assessments (screening and EQIA) of the likely impact of our policies on the promotion of equality of opportunity and good relations.

## **What we publish**

### **Where we publish the information**

4.24 The results of our assessments (screening reports and completed templates, the results of equality impact assessments) are available on our website [www.nipec.hscni.net](http://www.nipec.hscni.net) or by contacting:

Janet Hall  
Corporate Services Manager  
NIPEC  
Centre House  
79 Chichester Street  
Belfast  
BT1 4JE

Telephone: (028) 9023 8152  
Fax: (028) 9033 3298  
Email: [janet.hall@nipec.hscni.net](mailto:janet.hall@nipec.hscni.net)

- 4.25 In addition to the above, screening reports (electronic link or hard copy on request if more suitable for recipients) which include all policies screened over a 3 month period are also sent directly to all consultees on a quarterly basis. .
- 4.26 We will inform the general public about the availability of this material through communications such as press releases, newsletters and our website, where appropriate.

### **Our arrangements for monitoring any adverse impact of policies we have adopted on equality of opportunity**

(Schedule 9 4. (2) (c))

- 4.27 Monitoring can assist us to deliver better public services and continuous improvements. Monitoring Section 75 information involves the processing of sensitive personal data (data relating to the racial or ethnic origin of individuals, sexual orientation, political opinion, religious belief, etc). In order to carry out monitoring in a confidential and effective manner, NIPEC follows guidance from the Office of the Information Commissioner and the Equality Commission.
- 4.28 We monitor any adverse impact on the promotion of equality of opportunity of policies we have adopted. We are also committed to monitoring more broadly to identify opportunities to better promote equality of opportunity and good relations in line with Equality Commission guidance.
- 4.29 The systems we have established to monitor the impact of policies and identify opportunities to better promote equality of opportunity and good relations are:
- The collection, collation and analysis of existing relevant primary quantitative and qualitative data across all nine equality categories on an ongoing basis

- The collection, collation and analysis of existing relevant secondary sources of quantitative and qualitative data across all nine equality categories on an ongoing basis
- An audit of existing information systems within one year of approval of this equality scheme, to identify the extent of current monitoring and take action to address any gaps in order to have the necessary information on which to base decisions
- Undertaking or commissioning new data if necessary.

4.30 If over a two year period monitoring and evaluation show that a policy results in greater adverse impact than predicted, or if opportunities arise which would allow for greater equality of opportunity to be promoted, we will ensure that the policy is revised to achieve better outcomes for relevant equality groups.

4.31 We review our EQIA monitoring information on an annual basis. Other monitoring information is reviewed generally on an annual basis also, unless specified otherwise (for example, if a project has a duration of two years, monitoring information may be reviewed as part of the evaluation after the completion of the project).

### **Our arrangements for publishing the results of our monitoring**

(Schedule 9 4. (2) (d))

4.32 Schedule 9 4. (2) (d) requires us to publish the results of the monitoring of adverse impacts of policies we have adopted. However, we are committed to monitoring more broadly and the results of our policy monitoring are published as follows:

4.33 EQIA monitoring information is published as part of our Section 75 annual progress report [see 2.7]

4.34 Other monitoring information will be made available on our website with the exception of quantitative monitoring information that may otherwise compromise the identity of individuals (for example if only small numbers of people are involved).

4.35 All information published is accessible and can be made available in alternative formats on request. Please see below at 6.3 for details.

## **Chapter 5      Staff training**

(Schedule 9 4.(2) (e))

### **Commitment to staff training**

- 5.1 We recognise that awareness raising and training play a crucial role in the effective implementation of our Section 75 duties.
- 5.2 Our Chief Executive wishes to positively communicate the commitment of NIPEC to the Section 75 statutory duties, both internally and externally.

To this end we have introduced an effective communication and training programme for all staff and will ensure that our commitment to the Section 75 statutory duties is made clear in all relevant publications.

### **Training objectives**

- 5.3 NIPEC will draw up a detailed training plan for its staff which will aim to achieve the following objectives:
- To raise awareness of the provisions of Section 75 of the Northern Ireland Act 1998, our equality scheme commitments and the particular issues likely to affect people across the range of Section 75 categories, to ensure that our staff fully understand their role in implementing the scheme
  - To provide those staff involved in the assessment of policies (screening and EQIA) with the necessary skills and knowledge to do this work effectively
  - To provide those staff who deal with complaints in relation to compliance with our equality scheme with the necessary skills and knowledge to investigate and monitor complaints effectively
  - To provide those staff involved in consultation processes with the necessary skills and knowledge to do this work effectively
  - To provide those staff involved in the implementation and monitoring of the effective implementation of NIPEC's equality scheme with the necessary skills and knowledge to do this work effectively.

### **Awareness raising and training arrangements**

- 5.4 The following arrangements are in place to ensure all our staff and board members are aware of and understand our equality obligations.
- We will develop a summary of this equality scheme and make it available to all staff.

- We will provide access to copies of the full equality scheme for all staff; ensure that any queries or questions of clarification from staff are addressed effectively.
- NIPEC staff will receive a briefing on this equality scheme within 6 months of scheme approval..
- The Section 75 statutory duties form part of induction training for new staff.
- Focused training is provided for key staff within NIPEC who are directly engaged in taking forward the implementation of our equality scheme commitments (for example those involved in research and data collection, policy development, service design, conducting equality impact assessments, consultation, monitoring and evaluation).
- Where appropriate, training will be provided to ensure staff are aware of the issues experienced by the range of Section 75 groups.
- When appropriate and on an ongoing basis, arrangements will be made to ensure staff are kept up to date with Section 75 developments.

5.5 Training and awareness raising programmes will, where relevant, be developed in association with the appropriate Section 75 groups and our staff.

In order to share resources and expertise, NIPEC will, where possible, work closely with other bodies and agencies in the development and delivery of training.

## **Monitoring and evaluation**

5.6 Our training programme is subject to the following monitoring and evaluation arrangements:

- We evaluate the extent to which all participants in this training programme have acquired the necessary skills and knowledge to achieve each of the above objectives.
- The extent to which training objectives have been met will be reported on as part of the Section 75 annual progress report, which will be sent to the Equality Commission.

We will also monitor the number of staff trained, the equality profile of staff trained, as well as the job roles of staff trained through the training reports received from the Business Services Organisation

## **Chapter 6 Our arrangements for ensuring and assessing public access to information and services we provide**

(Schedule 9 4. (2) (f))

- 6.1 NIPEC is committed to ensuring that the information we disseminate and the services we provide are fully accessible to all parts of the community in Northern Ireland. We keep our arrangements under review to ensure that this remains the case.
- 6.2 We are aware that some groups will not have the same access to information as others. In particular:
- People with sensory, learning, communication and mobility disabilities may require printed information in other formats.
  - Members of ethnic minority groups, whose first language is not English, may have difficulties with information provided only in English.
  - Children and young people may not be able to fully access or understand information.

### **Access to information**

- 6.3 To ensure equality of opportunity in accessing information, we provide information in alternative formats on request, where reasonably practicable. Where the exact request cannot be met we will ensure a reasonable alternative is provided.

Alternative formats may include Easy Read, Braille, audio formats (eg. CD, mp3 or DAISY), large print or minority languages to meet the needs of those for whom English is not their first language.

NIPEC liaises with representatives of young people and disability and minority ethnic organisations and takes account of existing and developing good practice.

We will respond to requests for information in alternative formats in a timely manner, usually 10 working days (unless third party timescales dictate otherwise, e.g. translation providers).

For children and young people we aim to produce information in a language and in a format that meet their needs. In such cases, we also seek to draw on the support of relevant organisations including Participation Network. For people with learning disabilities we aim to produce information in Easy Read format.

For those not fluent in English, we have arrangements in place for accessing a regional contract for translation and interpreting services. We also have access to the Regional Interpreting Service for all Health and Social Care Organisations throughout Northern Ireland.

For children and young people we aim to produce information in a language and in a format that meet their needs. In such cases, we also seek to draw on the support of relevant organisations such as the NI Youth Forum.

For people with learning disabilities we aim to produce information in Easy Read format.

- 6.4 In disseminating information through the media we will seek to advertise in the press where appropriate.

### **Access to services**

- 6.6 NIPEC is committed to ensuring that all of our services are fully accessible to everyone in the community across the Section 75 categories. We also adhere to the relevant provisions of current anti-discrimination legislation.
- 6.7 We also ensure public access to our services through arrangements within our building such as providing signage and lowered reception desks.

### **Assessing public access to information and services**

- 6.8 In line with our general arrangements for monitoring (see 4.31) we also monitor across all our functions, in relation to access to information and services, to ensure equality of opportunity and good relations are promoted.
- 6.9 This includes monitoring and reviewing complaints information.

## **Chapter 7 Timetable for measures we propose in this equality scheme**

(Schedule 9 4. (3) (b))

- 7.1 Appendix 4 outlines our timetable for all measures proposed within this equality scheme. The measures outlined in this timetable will be incorporated into our business planning processes.
- 7.2 This timetable is different from and in addition to our commitment to developing action plans/action measures to specifically address inequalities and further promote equality of opportunity and good relations.

We have included in our equality scheme a commitment to develop an action plan. Accordingly, this commitment it is listed in the timetable of measures at Appendix 4. For information on these action measures please see above at 2.11 – 2.18.

## **Chapter 8      Our complaints procedure**

(Schedule 9 10.)

- 8.1 NIPEC is responsive to the views of members of the public. We will endeavour to resolve all complaints made to us.
- 8.2 Schedule 9 paragraph 10 of the Act refers to complaints. A person can make a complaint to a public authority if the complainant believes he or she may have been directly affected by an alleged failure of the authority to comply with its approved equality scheme.

If the complaint has not been resolved within a reasonable timescale, the complaint can be brought to the Equality Commission.

- 8.3 A person wishing to make a complaint that NIPEC has failed to comply with its approved equality scheme should contact:

Chief Executive  
NIPEC  
Centre House  
79 Chichester Street  
Belfast  
BT1 4JE

Telephone:       (028) 9023 8152  
Fax:               (028) 9033 3298  
Email:            [enquiries@nipec.hscni.net](mailto:enquiries@nipec.hscni.net)

We will review our general complaints procedure to ensure Section 75 complaints are fully integrated into this.

- 8.4 We will in the first instance acknowledge receipt of each complaint within two working days.
- 8.5 NIPEC will carry out an internal investigation of the complaint and will respond substantively to the complainant within one month of the date of receiving the letter of complaint. Under certain circumstances, if the complexity of the matter requires a longer period, the period for response to the complainant may be extended to two months. In those circumstances, the complainant will be advised of the extended period within one month of making the complaint.
- 8.6 During this process the complainant will be kept fully informed of the progress of the investigation into the complaint and of any outcomes.

- 8.7 In any subsequent investigation by the Equality Commission, NIPEC will co-operate fully, providing access in a timely manner to any relevant documentation that the Equality Commission may require.

Similarly, NIPEC will co-operate fully with any investigation by the Equality Commission under sub-paragraph 11 (1) (b) of Schedule 9 to the Northern Ireland Act 1998.

- 8.8 NIPEC will make all efforts to implement promptly and in full any recommendations arising out of any Commission investigation.

## **Appendix 5 Glossary of terms**

### **Action plan**

A plan which sets out actions a public authority will take to implement its Section 75 statutory duties. It is a mechanism for the realisation of measures to achieve equality outcomes for the Section 75 equality and good relations categories.

### **Audit of inequalities**

An audit of inequalities is a systematic review and analysis of inequalities which exist for service users and those affected by a public authority's policies. An audit can be used by a public authority to inform its work in relation to the Section 75 equality and good relations duties. It can also enable public authorities to assess progress on the implementation of the Section 75 statutory duties, as it provides baseline information on existing inequalities relevant to a public authority's functions.

### **Consultation**

In the context of Section 75, consultation is the process of asking those affected by a policy (ie. service users, staff, the general public) for their views on how the policy could be implemented more effectively to promote equality of opportunity across the 9 categories. Different circumstances will call for different types of consultation. Consultations could, for example, include meetings, focus groups, surveys and questionnaires.

### **Equality impact assessment**

The mechanism underpinning Section 75, where existing and proposed policies are assessed in order to determine whether they have an adverse impact on equality of opportunity for the relevant Section 75 categories. Equality impact assessments require the analysis of both quantitative and qualitative data.

### **Equality of opportunity**

The prevention, elimination or regulation of discrimination between people on grounds of characteristics including sex, marital status, age, disability, religious belief, political opinion, dependants, race and sexual orientation.

The promotion of equality of opportunity entails more than the elimination of discrimination. It requires proactive measures to be taken to secure equality of opportunity between the categories identified under Section 75.

### **Equality scheme**

A document which outlines a public authority's arrangements for complying with its Section 75 obligations. An equality scheme must include an outline of the public authority's arrangements for carrying out consultations, screening, equality impact assessments, monitoring, training and arrangements for ensuring access to information and services.

## **Good relations**

Although not defined in the legislation, the Equality Commission has agreed the following working definition of good relations: 'the growth of relations and structures for Northern Ireland that acknowledge the religious, political and racial context of this society, and that seek to promote respect, equity and trust, and embrace diversity in all its forms'.

## **Inequality**

Where something an organisation does has a differential or unfair impact on anyone in any of the groups listed in **Section 75** definition below.

## **Mainstreaming equality**

The integration of equal opportunities principles, strategies and practices into the every day work of public authorities from the outset. In other words, mainstreaming is the process of ensuring that equality considerations are built into the policy development process from the beginning, rather than being bolted on at the end. Mainstreaming can help improve methods of working by increasing a public authority's accountability, responsiveness to need and relations with the public. It can bring added value at many levels.

## **Monitoring**

Monitoring consists of continuously scrutinising and evaluating a policy to assess its impact on the Section 75 categories. Monitoring must be sensitive to the issues associated with human rights and privacy. Public authorities should seek advice from consultees and Section 75 representative groups when setting up monitoring systems.

Monitoring consists of the collection of relevant information and evaluation of policies. It is not solely about the collection of data, it can also take the form of regular meetings and reporting of research undertaken. Monitoring is not an end in itself but provides the data for the next cycle of policy screening.

## **Northern Ireland Act**

The Northern Ireland Act, implementing the Good Friday Agreement, received Royal Assent on 19 November 1998. Section 75 of the Act created the statutory equality duties.

## **Policy**

The formal and informal decisions a public authority makes in relation to carrying out its duties. Defined in the New Oxford English Dictionary as 'a course or principle of action adopted or proposed by a government party, business or individual'. In the context of Section 75, the term **policies** covers all the ways in which a public authority carries out or proposes to carry out its functions relating to Northern Ireland. Policies include unwritten as well as written policies.

## **Screening**

The procedure for identifying which policies will be subject to equality impact assessment, and how these equality impact assessments will be prioritised. The purpose of screening is to identify the policies which are likely to have a minor/major impact on equality of opportunity so that greatest resources can be devoted to improving these policies. Screening requires a systematic review of existing and proposed policies.

## **Section 75**

Section 75 of the Northern Ireland Act provides that each public authority is required, in carrying out its functions relating to Northern Ireland, to have due regard to the need to promote equality of opportunity between:

- Persons of different religious belief, political opinion, racial group, age, marital status and sexual orientation
- Men and women generally
- Persons with a disability and persons without
- Persons with dependants and persons without.

Without prejudice to these obligations, each public authority in carrying out its functions relating to Northern Ireland must also have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group.
