

Continuous Practice Development (CPD)

Dates	Method	Topic(s)	Link to Code	Number of hours	Number of participatory hours
14/03/16	Independent learning – practice improvement programme	<p>Record keeping practice Participated in NIPEC Practice Improvement Programme. Took two patients record that I had contributed to and used NIPEC Online Audit Tool to take a baseline measurement of my record keeping practice. Identified areas for improvement and then planned the practice actives I need to complete, I needed to focus on recording my plan of care. Once these activities were completed I audited again to measure for improvement. I then complete the audit several months later to establish if my record keeping standards were maintained</p>	Prioritise People Practise effectively Preserve safety		
16/06/16	Course attendance	<p>Record Keeping: Legal and professional issues at CEC This course enabled me to learn issues around legal and professional aspects relevant to record keeping. I also improved my knowledge on the standards and guidelines pertaining to record keeping. I have increased my knowledge and I am now able to apply principles of good record practice to my clinical practise and support the delivery of person centred, safe and effective nursing care.</p>	Prioritise People Practise effectively Preserve safety	4	4
18/09/16	Independent learning – reading an article	<p>Maintaining best practice in record keeping and documentation Read CPD article in Nursing Standard gain great ideas about how to maintain and improve my record keeping practice. I will reflect on this and share with the team, with a view to changes to our practice.</p>	Prioritise People Practise effectively	2	0
25/11/16	Meeting attendance	<p>Record keeping – care planning, PACE Face to face session which informed me of recent changes to recording plan of care – PACE. Allowed me to reflect on my role as a champion for this new innovation in practice.</p>	Prioritise People Practise effectively	4	4
