

Future Nurse Future Midwife Practice Placements Sub-Group

Lynn Woolsey – Assistant Director of Nursing, SHSCT
Donna Gallagher – Senior Lecture, Open University

Terms of Reference

- Explore how current practice placements could be enhanced/broadened in the context of the new Standards
- Review & revise the audit arrangements of practice placements in the context of the new Standards
- Review & revise the current mapping process in the context of the new Standards
- Review & revise the current educational audit process in the context of the new Standards
- Review & revise the current practice placement evaluation process in the context of the new Standards

The Future Through A New Lens

- Practice placements will be known as **“Practice Learning Environments”**
- Flexibility for AEs and placement partners in how we design, deliver and manage programmes
- Potential for innovation through simulation
- Better explanation of supernumerary
- Nurses taking an increased leadership role in management and delivery of care
- Improve inter-professional working
- Supporting students becomes everyone’s responsibility (as enshrined in The Code).
