

Regional Implementation and Embedding of NMC Post-registration Education Standards in Practice

Planning Workshop 13th December 2023

NIPEC hosted a one-day workshop on the 13th December 2023 in the Pavilion in Stormont with over forty participants in attendance.

The aims of the workshop were to:

1. Provide an update on the progress being made on the Northern Ireland implementation of the NMC Post-registration standards and
2. Discuss and agree an engagement and communication workplan to ensure that HSC organisations and their practice learning environments are in a state of readiness for the implementation of the standards by September 2024.

A range of excellent speakers contributed to the workshop, including representatives from the NMC, DoH, NIPEC, Ulster University and the HSC Trusts.

Following the presentations, a table mat exercise was facilitated by our Lead Practice Education Facilitators from each of the five HSC Trusts who are working in partnership with NIPEC to progress this work, and plans were made to ensure that all organisations are in a state of readiness for the implementation of the standards.

Siobhan Bradley, Belfast Health and Social Care Trust

Hayley McKenna, Northern Health and Social Care Trust

Meghan Browne, Western Health and Social Care Trust

NIPEC Lead PEFs for NMC Post-registration standards

Kerry Wade, South Eastern Health and Social Care Trust

Amanda Brown, Northern Health and Social Care Trust

Sharon Conlan, Southern Health and Social Care Trust

Our Practice Education Facilitators

Participants contributing to the table mat exercise

Feedback from the event was shared at the projects Collaborative meeting and participants were encouraged to get involved in the project and take every opportunity to promote awareness of the regional plans to implement the NMC post- registration standards (2022) in practice and education.
