

# NURSING ASSISTANTS CAREER PATHWAY - SUB GROUP

**Aim:** To promote Nursing and Senior Nursing Assistant careers, through development of website resources, thereby inspiring those who either wish to embrace these careers or progress to become a Registered Nurse.

## Make a Choice: Make a Difference.

Nursing and Midwifery in Northern Ireland.

Consider a professional career that offers opportunities to:

- make a real difference to people's lives,
- choose from a wide variety of roles and settings,
- work with a range of people including skilled health professionals,
- enjoy a life-time career that challenges you at the right level.

## Nursing Assistants – Home

A **Sub Group** of the regional Nursing and Midwifery Careers Website Steering Group, chaired by Clare Marie Dickson, South Eastern Trust, developed this microsite to promote Nursing Assistant careers in Health and Social Care. It is anticipated that this resource will inspire those who either wish to embrace this career choice or progress to become a Registered Nurse.

The website demonstrates the diversity of Nursing Assistant and Senior Nursing Assistant roles within the four fields of nursing and also showcases a variety of settings where Nursing Assistants are employed within Health and Social Care.

Please click on any of the 4 fields of nursing to access information about the various careers.
